To: Tassajara Zen Mountain Center, Zenshinji

Subject: Letter of Sympathy Regarding the Fire Disaster

It was with profound sadness that we received the report of the recent fire and the resulting loss of the Zendo buildings at your mountain center. On behalf of the Soto Zen Buddhism Administrative Headquarters, I wish to extend our deepest and most sincere sympathies to you.

We can only begin to imagine the immense distress and hardship that this unforeseen disaster has brought upon all those associated with Tassajara.

It is our earnest prayer that, under the compassionate protection of the Buddhas and Heavenly Beings, the sounds of reconstruction will soon echo throughout your sanctuary. We sincerely hope for the smooth and swift reconstruction and the continued well-being of all members of your community.
